Hi Roshni,

We have an ongoing investigation from numerous complaints received against All American Asphalt and are working towards addressing the complainants' concerns. Thank you for the offer for assistance and the complaint referral. We'll let you know if we need anything.

I'm including Terrence Mann, Deputy Executive Officer for Compliance and Enforcement, on this response. Can you please include both of us in future emails?

Thank you!

Tip or Complaint: The plant seems to operate all day. When the wind shifts direction in the evening and evening mornings, a strong tar and oil smell can be detected in the air. The odor can be very powerful and I suspect that the fumes are toxic and is an lung irritant. The South Coast AQMD has failed to bring enforcement action and I believe the plants pollutants have gotten worse as they've expanded in the recent years. Please examine the exhaust gases and protect the air. Thanks!
